**Approved by:** Acting Deputy Administrator, Farm Loan Programs

1	Overview	
A	Background	PLCE National Reserve funds in the "A" account have been allotted to States for credit reports and appraisal activities only. A change is being made in disbursing National Reserve funds for the balance of the FY.
B	Purpose	This notice provides information on distribution of PLCE National Reserve funds in the "A" account for the balance of FY 1999.
C	Contact	Direct questions about this notice to LMD.

Disposal Date	Distribution
October 1, 1999	State Offices; State Offices relay to County Offices

## Notice FLP-61

### 2 Using PLCE "A" Account Funds

---

#### **A Program Activities**

Notice FLP-16, dated January 5, 1999, encouraged State Offices to use "A" account funds only for activities unable to be accomplished by Agency personnel. This preference for using "A" account funds was because of the large number of shared appreciation appraisals to be completed during the course of the FY.

States have been successful in conserving "A" account funds. Therefore, States are encouraged to use all available "A" account authorities for the balance of FY 1999 to accomplish tasks unable to be completed because of staffing limitations.

---

#### **B Allocating National Reserve Funds**

Notice FLP-28, dated February 19, 1999, restricted disbursement of National Reserve "A" account funds for only credit reports and appraisal actions. This restriction is now lifted. Effective immediately, National Reserve funds will be allotted for any authorized "A" account program activity.

Requests for additional "A" account funds can be made by FAX to LMD at 202-690-1117.
